

Transforming School Governance through a Unified Digital Ecosystem

As Gyanoday Niketan expands in academic stature and enrollment, traditional reliance on disjointed paper registers, disconnected spreadsheets, and manual report card preparation creates administrative bottlenecks, audit vulnerabilities, and communication delays. This platform consolidates our entire institutional operating rhythm into a secure cloud system—protecting revenue, streamlining academic delivery, and fulfilling national **ICSE & NEP 2020 360° Holistic Progress Card** standards.

The ERP has been intentionally designed to serve the precise institutional remits of our four administrative leaders:

The Director

GOVERNANCE & FINANCE

- ✓ **Live Executive Financial Dashboard:** Monitor real-time fee collection, overdue defaulter breakdowns, and revenue trajectories by term.
- ✓ **Zero Revenue Leakage:** Automated batch receipts and immutable ledgers eliminate manual accounting loopholes.
- ✓ **Institutional Data Sovereignty:** 100% private ownership of all academic and financial records on encrypted cloud infrastructure.
- ✓ **Brand Distinction:** Elevates Gyanoday Niketan's reputation as an elite, technology-forward institution in Darjeeling.

The Principal

ACADEMIC LEADERSHIP & 360° HPC

- ✓ **Executive Academic Moderation & Approval:** Final institutional moderation authority across all terms; digital sign-off and publication locks.
- ✓ **NEP 2020 360° Holistic Progress Card (HPC):** Full oversight of all 4 developmental voices (Teacher evaluation, Student self-reflection, Peer review, Parent home observation).
- ✓ **Institutional Standards & Quality Assurance:** Cross-class performance benchmarks, teacher assessment rubric adherence, and early learning intervention.
- ✓ **Strategic Stakeholder Partnerships:** Strengthens parent trust with transparent, real-time access to child growth and official notices.

The Headmaster

SENIOR ACADEMICS & DISCIPLINE

- ✓ **Senior School Academic Oversight:** Instant analysis of Class 9–10 ICSE performance, subject bottlenecks, and board exam readiness.
- ✓ **One-Click Terminal Examination Review:** Rapid verification and moderation of terminal mark sheets, grading curves, and student ranks.
- ✓ **Punctuality & Senior Discipline:** Real-time tracking of chronic absenteeism, unexcused leaves, and student conduct trends.
- ✓ **Faculty Academic Compliance:** Ensure timely completion of syllabi, marks submission deadlines, and departmental reviews.

The Chief Co-ordinator

OPERATIONS & TIMETABLE ENGINE

- ✓ **Dynamic Routine & Substitution Engine:** Automated clash-free timetable management with one-click relief assignment when teachers take leave.
- ✓ **Standardized Weekly Assessment Cadence:** Centralized test scheduling preventing syllabus overlap or student evaluation exhaustion.
- ✓ **Cross-Departmental Synchronization:** Harmonized workflows bridging teaching faculty, administrative office, and library desks.
- ✓ **Event & Examination Calendar:** Centralized publishing of school activities, parent-teacher meetings, and examination dates.

☀️ NEP 2020 / CBSE 360° Holistic Progress Card (HPC)

Academic Compliance

A multi-voice, rubric-based developmental evaluation platform replacing traditional, anxiety-inducing numerical marks with actionable competency assessments.

4 Integrated Voices

Teacher, Student, Peer & Parent feedback recorded independently.

Rubric Developmental Levels

Clear stages: Beginning, Progressing, Proficient, and Advanced.

Principal Moderation Workflow

Draft → Submitted → Under Review → Approved → Published.

💰 Fee Management & Financial Governance

Finance & Audit

End-to-end digital cashier desk managing fee structures, batch receipt generation, categorized dues, and paperless bank reconciliation.

Automated Batch Receipts

Generates numbered digital receipts in seconds with instant PDF prints.

Defaulter Tracking

Class-wise and term-wise aging reports for proactive fee recovery.

Zero Leakage Assurance

Immutable ledger audit trails tied to operator logins.

🕒 Real-Time Mobile Attendance & Routine Engine

Daily Operations

Teachers take roll call in under 60 seconds from any mobile device, instantly feeding daily presence registers and notifying parents of unexpected absences.

60-Second Mobile Roll Call

Quick toggle interface for Present, Absent, and Late.

Instant Parent Absence Alerts

Notifies families immediately upon confirmed absence.

Relief Substitution Manager

Replaces absent faculty with free period teachers automatically.

📱 Frictionless Student & Parent Portal

Stakeholder Experience

Accessible on any smartphone or computer without password resets. Students and parents log in using Name + secure institutional UID.

Zero Password Friction

Simple authentication via Student UID and Name.

Live Terminal Progress Cards

Interactive radar graphs and one-click PDF downloads.

Attendance & Test Schedules

Direct access to attendance records and upcoming weekly tests.

3 ENTERPRISE DATA GOVERNANCE & PROTECTION

Institutional records are protected by enterprise security frameworks exceeding typical commercial software:

Role-Based Access Control (RBAC)

Class teachers cannot see other classes; accountants cannot edit academic marks; only the Director, Headmaster, and Principal can authorize final card publication.

Database Row-Level Security (RLS)

Enforced at the PostgreSQL database engine level. Direct unauthorized queries are blocked regardless of frontend state.

Immutable Audit Trail

Every mark adjustment, status transition, fee entry, and report card revision is permanently timestamped with the operator's ID.

Redundant Encrypted Backups

Nightly automated offsite backups eliminate any danger of physical hard drive crashes or school desktop damage.

4 PHASED ROLLOUT PLAN (ZERO DISRUPTION)

Rollout is staged to fit comfortably into current academic operations without overloading teachers:

PHASE 1 (WEEK 1)

System Setup

- › Terms & academic calendar
- › Class, section & teacher mapping
- › HPC competency framework setup
- › Fee heads & category ledger

PHASE 2 (WEEK 2-3)

Faculty Onboarding

- › 30-minute teacher clinics
- › Mobile attendance training
- › HPC evaluation drawer practice
- › Routine & substitution check

PHASE 3 (WEEK 4)

Portal Launch

- › Student UID distribution
- › Parent reflection pilot
- › Weekly test schedule launch
- › Administrative feedback review

PHASE 4 (WEEK 5+)

Full Operations

- › Daily digital roll call
- › Terminal 360° HPC publishing
- › Automated fee receipting
- › 100% paperless governance

5 INSTITUTIONAL ROI & TIME RECLAIMED

~180 hrs

Administrative hours saved per exam cycle in calculation & compilation

70%

Reduction in school paper & printing costs across report cards and circulars

< 60 sec

Daily morning attendance taken per class on teacher mobile phones

100%

Compliance with ICSE and NEP 2020 Holistic Progress Card guidelines

6

ADMINISTRATIVE LEADERSHIP APPROVAL & SIGN-OFF

By signing below, the Administrative Leadership authorizes the phased implementation and official deployment of the Gyanoday Niketan ERP platform:

Administrative Role	Name of the Head	Decision	Signature & Date
